ALI NASSER MOHAMMAD RETURNS BACK HOME FROM MOROCCO

ADEN, Nov. 27 - ANA - Brother Ali Nasser Mohammad, CC Secretary General and Chairman of the Presidium of the Supreme People's Council and Premier, and his accompanying delegation returned back home at dawn today after attending the meetings of the 12th Arab summit conference which was held in the Moroccan town of Fez. He was received at the airport by a number of brother members of the Political Bureau and the CC and Ministers and a number of civilian and military officials. While on his way back home Brother Ali Nasser made a brief stopover at Damascus airport where he was received at the airport by Dr. Abdel Raouf al-Kassam, Syrian Premier and a number of Syrian officials.

During the meeting Brother Ali Nasser Mohammad and Dr. al-Kassam, Syrian Premier reviewed at the airport lounge the Arab conditions and in particular the situation in the Middle East and the issues that have been discussed in the 12th Arab summit which was postponed to another time, and also the international conditions and the brotherly relations existing between the two sister countries and ways of strengthening them. The Secretary General and his accompanying delegation left the airport of the Moroccan town of Fez yesterday afternoon after taking part in the 12th Arab summit conference meetings.

Following the return of the Brother Secretary General and his accompanying delegation, Brother Salem Saleh Mohammad, CC Member and Foreign Minister and member of the delegation, made the following statement: our participation in the Arab Foreign Ministers meetings and also in the 12th Arab summit conference which was attended by the Brother Secretary General and Chairman of the Presidium of the Supreme People's Council and Premier in Fez in Morocco, expressed our country's eagerness to make effective contribution along with other Arab countries in the joint confrontation of the offensive which threatens the peoples of our Arab nation as a result of the implementation of the Camp David accords and the treacherous conciliation treaty between the Zionist enemy and the puppet regime in Egypt and intensification of this offensive which aims at imposing full hegemony and control of imperialism on our Arab area.

The Arab Foreign Ministers meeting came out with positive results consolidating the struggle of our Arab nation against imperialism and the Zionist enemy as these results confirmed the firm rights of the Palestine Arab people in their homeland and the full support and backing for the phasical programme of the Palestinian revolution which affirms the right of the Palestinian people to return back and determine its destiny and establish its independent state on its national soil under the leadership of the Palestine Liberation Organisation the sole and legitimate representative of the Palestinian people. These

also stressed upon the necessity of continuing the struggle against the Camp David accords and liquidation of the consequences resulting from their implementation in the Arab area.

The Foreign Ministers denounced the imperialist military presence represented in the military bases of American imperialism in a number of Arab countries. They also denounced the formation of multi-national military forces in Sinai. They also stressed upon the necessity of liquidating the imperialist military presence, with different forms, and the necessity of taking the suitable measures against the European countries taking part in this multi-national force in Sinai which represents the alignment of these countries with the side of the Camp David accords and reveals the lies of their claims that they are endeavouring to find a comprehensive settlement in the Middle East. Moreover the condemnation of the American imperialist military presence in particular expresses the eagerness to protect and consolidate the national sovereignty and independence of the Arab countries and full awareness towards of the dangers of renewal of the old and new colonialist forms in the Arab area. The Foreign Ministers discussed the strategic alliance existing between American imperialism and the Zionist enemy as they regarded this alliance as a serious threat to the Arab nation and reveals clearly the alignment of America in full with the side of the Zionist enemy and clears the allegations and impressions which the friends of America are trying to plant in the Arab area on the friendship of American imperialism for the Arabs and its neutrality in the Arab-Israeli conflict.

Emanating from the feeling of full responsibility, the Foreign Ministers discussed the initiative of the Saudi Arabian Kingdom on the Middle East. In this connection an extensive discussion took place and agreement was not reached on it. The results of the Arab foreign Ministers meeting expressed firm adherence to the firm national rights of the Palestinian people in their homeland and their right to establish their independent state on their national soil under the leadership of the Palestine Liberation Organisation, their legitimate and sole representative. They confirmed that it is improper for any side of the Arab sides to take an individual step towards any settlement for the Palestinian issue in particular and the Arab-Zionist conflict in general.

The stand of our country was represented clearly towards the initiative in its non-acceptance and emphasis on the necessity of working for creating military strategic balance with the Zionist enemy and increasing backing for the Palestine resistance, Syria, Jordan, Lebanon and liquidation of the

ALI NASSER RETURNS - Cont'd.

imperialist military presence in the Arab area and also liquidation of the economic interests of American imperialism and suspension of looting by the monopoly companies of imperialism of our national wealths and their absorption. Our country sees that the balance of power in the Arab area does not give the justification for laying down any initiatives by the Arabs and that such circumstances need adherence to the firm and principled stands and to beware submission to American and Zionist blackmailing and threats for incurring forfeitures in the just Arab rights topped by the Palestinian issue. This circumstance shows the inavailability of any initiative or proposals by the Arabs, as a complete group or any side of it. The experiment of Sadat and the Egyptian regime shows us the great dangers and the great losses inflicted upon the struggle of our Arab nation as a result of the deviation of Egypt from the complete Arab stand and the betrayal committed by the Egyptian regime against the fateful national issues. Our country stressed upon the importance of Arab solidarity and its role hostile to imperialism and Zionism. For consolidating this solidarity, it is needed to continue the struggle against the two Camp David accords and foiling the imperialist offensive in the Arab area. Our country warned against the dangers from the attempts of imperialism, Zionism and their allies to shatter the Palestine national unity and the unified Arab stand hostile to the two Camp David accords, with the aim of effecting the passage of new rings of plotting for realising what the Camp David parties could not realise and in particular in their plotting against the just cause of the Palestinian people.

In connection with security in the Gulf area, the results of the Foreign Ministers meeting stressed upon the necessity of ensuring security in this area by liquidating the foreign military presence and also condemning the American foreign military presence in this area as the Gulf security is a responsibility lying on its countries. Our country confirmed in this respect the call made by Comrade Ali Nasser Mohammad to hold a summit conference for the countries of the Arabian Gulf and Peninsula countries, the Horn of Africa and other sources concerned for discussing the liquidation of the imperialist military presence in the area, which call truly expresses the full eagerness of our country towards the security and stability of the area and the right of its countries and peoples for free development. It is possible to say that the meeting of the Arab Foreign Ministers meeting were to have constituted a natural starting point for the success of the Arab summit conference in Fez whose adjournment came as an expression of the common feeling of all participating countries and their eagerness to evade further dispersion of the Arab rank.

ALI NASSER RETURNS - Cont'd.

Democratic Yemen, emanating from its great eagerness over Arab solidarity hostile to imperialism and zionism and its firm commitment to the fateful issues of our Arab nation topped by the just issue of the Palestine Arab people, stresses upon the necessity of the adherence of all Arab countries to the resolutions of the Arab sum mits in Baghdad and Tunis and the necessity of not giving any chance to imperialism and the zionist enemy to realise their aims in shattering the Arab rank hostile tothem.

Democratic Yemen highly values the stands of the sides of the National Steadfastness and Confrontation Front towards the total fateful issues being confronted by our Arab peoples and knows that the steadfastness front, which in fact constitutes the conscience of our Arab nation, is having upon its shoulders great responsibilities for confronting the existing and forthcoming challenges. In particular our country highly values the stands of Syria and the Palestine Liberation Organisation which bravely declared its adherence to and non-mishandling of the just Arab rights.
